

Adventure Park & Tots Philosophy

Our goal is to provide quality child care in a safe and nurturing environment. We focus on the whole child (social, emotional, cognitive, language, and physical development) through our planned, integrated curriculum.

We believe children learn best in a developmentally appropriate environment with opportunity for each child to experience success. Both programs provide children with the opportunity to participate in group and self directed activities, as well as outdoor learning experiences.

Adventure Park & Tots qualified teachers design the children's activities to match the developmental stages of each child. In each project or activity, attention is directed at the process and pleasure of discovery.

Language, pre-phonics, math, science, art, music, movement, exercise, imaginative play, sign language, and Spanish are interwoven through individual units or themes as they are explored.

Adventure Park & Tots are continuous programs. Both offer a structured curriculum program September through June. The summer months offer a theme base, week by week curriculum with swimming incorporated into the schedule.

If you have any questions or will like get on the waiting list feel free to give us a call we look forward to meeting you.
